- Skinboosters/ Polyuclotides

PRP

PRP hair Loss (platelet-rich plasma) a three-step medical treatment in which a person's blood is drawn, processed and then injected into the scalp. PRP injections trigger natural hair growth and maintain it by increasing blood supply to the hair follicle and increasing the thickness of the hair shaft, encouraging hair to grow thicker and stronger.	
Hair rejuvenation: one session	£180
course of 6	£865
Face/Neck: One session	£180
Course of 6	£865
